**INSTALLATION & USER
GUIDE**

MULTI PLUS MANUAL OPERATION

When installing multiple lights, to ensure synchronization and ease of operation ALL Lights must operate from a single switch.

OPERATING INSTRUCTIONS

1. To change the color of the light, simply turn your light **OFF** for **2** seconds and then turn it back **ON**. This will signal the light to proceed to the next colour in sequence.
To select a desired colour, simply step through the colours until you find your desired selection.

Refer to **OPERATING MODE COLOURS** for available colours.

2. Your lights will automatically save your selected colour once the power has been turned **OFF** for more than **1** minute. So the next time the lights are used, they will illuminate on the last colour operated.
3. To reset or '**synchronize**' your lights; with the power turned **ON**, turn the power **OFF/ON** once rapidly. This will **RESET** your lights to **WHITE**

SYNCHRONIZED INSTALLATION

When installing multiple lights, to ensure synchronization and ease of operation ALL Lights must operate from a single switch.

Refer to **OPERATING MODE COLORS** for available colours.

MULTI PLUS MANUAL SETUP

Manual Multi Plus Setup is for installations where the use of a quick setup is not possible or a new MULTI-PLUS light is being installed with an existing Multi Colour or P-Type light.

The MULTI-PLUS light has 8 inbuilt modes of operation for use on a variety of different control systems or installation types.

When you first install your MULTI-PLUS light it will operate in the default, 'Manual' mode for use with a wall switch. In order to connect the light to a 3rd party pool controller OR change to a different operating mode please follow the below steps.

STEP 1 - POOL CONTROLLER SETUP

If connecting to a pool controller, please ensure the system is fully installed and you have completed all the relevant steps in the controller setup menu to operate the lights correctly.

During pool controller setup you will be prompted to select which light model is installed. Please use the below table to select the appropriate light for your pool controller type.

(For more information on this please refer to the pool controller installation manual).
